The fire reached these bunkers Saturday, but was apparenly checked after a hard fight, although the blaze stubbornly resisted all efforts of the firemen to be extinguished.

Unless the flames can be subdued, there is grave danger that they will eat their way across to the docks to the north of the Ferry building, and reach this great structure.

At an early hour Monday morning the fire was burning fiercely.

Atlanta, April 24.—Evans Waters, the young man who was arrested on Wednesday upon the charge of having criminally assaulted Miss Ruth Weavter, the 15-year-old daugnter of C. C. Weaver, who lives near South Bend, was discharged after a preliminary examination before Justice of the Peace Bloodworth.

Miss Ruth Weaver, her father and brother were present at the trial, but the young lady refused to testify in the case.

The state introduced several witnesses who testified as to various facts connected with the case, but none of these gave evidence sufficient to make out a probable case of guilt against Waters.

Waters was the night watchman at a steam shovel for the Atlanta and West Point railroad and the girl reported that while she was returning to her home on Wednesday afternoon from Henderson's store, where she had gone to make some purchases, Waters enticed her into the cabin of the steam shovel and assaulted her.

Waters, who is about 20 yeaars old, admitted that the girl had been in his cabin, access to which is had by a short ladder or improvised steps, but claims that the girl went there of her own accord. Waters was defended by Attorneys Reuben R. Arnold and Harvey Hill.

FOR "UNCLE BOB" WEEKS.

W. J. Waits Wishes Him Returned to School Board for Another Term.

Editor Sun: I feel as if I would like to say a word while politics are going so high. The time is short now and the "dear people" are trying to make up their minds who to vote for. Every one for the office he aspires to can fill it. They fall into line righ along; everyone knows just what he can do and we voters think just like them—we are at a loss. We are friends to everybody and everybody wants us to vote, and now what will we do? I guess we will have to hold on to some of the old reliables—some who were firm and resolute in time of the sixties—men that fought for their country as they understood it, are yet here, ready and willing to live under the law of their country, need the places that they can fill, and deserve the honor of their country. Let me say a few words for R. B. Weeks, a man that I have known all my life. He is now before us—let us make him our choice for the school board. I believe him to be ready and willing to give it up when he is incapable. I want to say that I believe in rotation when it comes to old men who deserve these honors. Let the young men politely step back and wait. It won't be long then. The young men take the old men's places. Come on, Mr. Weeks, we are going to try you again. Come, boys, let us give him one more term as a school commissioner.

Yours,
W. J. WAITS.

COD LIVER OIL.

It almost makes you sick to think of it, but it isn't nearly as bad as it used to be. The improved method of refining it makes it much easier to take, and when made into Scott's Emulsion almost every one can take it. Most children like it and all children that are not robust are benefited by it. When the doctor says "Take cod liver oil," he generally means Scott's Emulsion; ask him if he doesn't. They know it is more easily digested and better than the plain oil.

JUSTICE COLMAN'S COURT.

Arthur Anderson Arraigned for Larceny of a Bicycle.

There was an interesting session of Justice Colman's court Tuesday, when Arthur Anderson was arraigned upon a charge of stealing a bicycle from C. B. Boyd, who swore out the warrant.

Marshal Pinkoson arrested Anderson early in the morning, and when he was taken before the Justice he declared that he had borrowed the wheel from George Huckleberry of Paradise.

"Have you seen George?" asked the Justice of Mr. Pinkoson.

"I have not seen George," replied the officer.

"Well," continued the Justice, "inasmuch as this man says he has borrowed this wheel from George, I will do him the kindness to permit him to produce George as a witness, and will continue this case until Wednesday morning, when I will expect you to have him here as a witness."

The case will be continued today.

GIDDINGS AND THE 'POSSUM.

Wanted 'Possum for Dinner and Had a Chance, But It Was Lost.

On Saturday night Milt Giddings retired early from the cares of the day, and was soon wrapped in slumber and dreaming of the sweets of a roasted 'possum for a Sunday dinner, when lo! a cry rang out from the poultry yard! Something was going wrong.

The old man rolled out of bed and in haste in his midnight attire, with lantern in one hand and mush-paddle in the other, and his trusty cook in the rear armed with shovel and broom, marched to the scene of the trouble. Cook stood sentinel while the old man reconnoitered. He soon discovered the enemy in ambush. The old man opened fire at once with his mush-paddle. The 'possum retreated. The old man followed after singing "Opossum, you're a honey for Sunday dinner," when suddenly a stump caught his toe, and the old man and his armour went headlong. His light went out, and after striking three or four matches on the wrong end he succeeded in getting a light. He followed on and came up with the 'possum just in time to see it pop out under the fence.

Result—no 'possum for dinner, but some bruises from the fall.

J. N. STROBHAR IS ACQUITTED

Not Guilty as Charged, So Said a Jury of Countrymen.

OUT ONLY FORTY MINUTES

The Case Against Strobhar Was Waged Heavily by His Prosecutors, But Jurymen Could Not See Where He Was Guilty of Any Crime.

Special to The Daily Sun.

Atlanta, Ga., April 24.—The trial of J. N. Strobhar, former agent of the Atlantic Coast Line at Gainesville, was begun in the superior court, criminal division, in this city (Fulton county) Monday morning, and required only one day and a portion of the night, the jury having returned with a verdict of acquittal after being out only about forty minutes.

The defendant was charged with larceny after trust. At the beginning of the trial, when the defendant was arraigned, a demurrer was offered by Attorney J. D. Kilpatrick, was argued, but was overruled by the court.

The securing of the jury took up considerable time, not being secured until shortly after the afternoon session began.

Mr Strobhar was charged with having taken checks of the Atlantic Coast Line amounting to $1,700, and cashing them, as agent of the road, in Atlanta, using the proceeds to his own benefit. He went to Canada, but was brought back to Atlanta under charge of Detective Lockhart of this city.

After the examination of several witnesses, including B. P. Richards, cashier of the bank of Dutton & Co., Gainesville; J. E. Pultz, clerk in the office of the Atlantic Coast Line, and others, followed by able argument of the attorneys, the case went to the jury, with the result as above.

Mr. Strobhar desires to return to Gainesville of his own accord, but it is understood that he will be compelled to remain here for fifteen days to await requisition before he can be released to return.

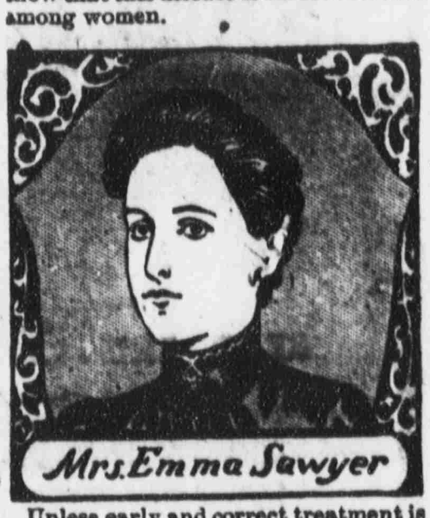
THE BEST ADVICE IS FREE

Of all the diseases known, with which the female organism is afflicted, kidney disease is the most fatal, and statistics show that this disease is on the increase among women.



Unless early and correct treatment is applied the patient seldom survives when once the disease is fastened upon her. We believe Lydia E. Pinkham's Vegetable Compound is the most efficient treatment for chronic kidney troubles of women, and is the only medicine especially prepared for this purpose.

When a woman is troubled with pain or weight in loins, backache, frequent, painful or scalding urination, swelling of limbs or feet, swelling under the eyes, an uneasy, tired feeling in the region of the kidneys or notices a sediment in the urine, she should lose no time in commencing treatment with Lydia E. Pinkham's Vegetable Compound, as it may be the means of saving her life.

For proof, read what Lydia E. Pinkham's Vegetable Compound did for Mrs. Sawyer.

"I cannot express the terrible suffering I had to endure. A derangement of the female organs developed nervous prostration and a serious kidney trouble. The doctor attended me for a year, but I kept getting worse, until I was unable to do anything, and I made up my mind I could not live. I finally decided to try Lydia E. Pinkham's Vegetable Compound as a last resort, and I am to-day a well woman. I cannot praise it too highly, and I tell every suffering woman about my case." —Mrs. Emma Sawyer, Conyers, Ga.

GAINESVILLE GUARDS.

Twenty More Men Added to the Company From Micanopy.

The Gainesville Guards are bound to get to the front, if hard work will do it, and within the past week have been making a very active effort along that line, and now they have an increase of twenty members recently secured at Micanopy. The new recruits have been secured by R. E. Evans, ex-captain of the East Florida Seminary Cadets, and as a reward for his efforts the ex-captain will be made a sergeant and have command of the Micanopy section.

For some time past the Guards have been doing their best to put the company up to the front, and they are deserving of the loyal support of every good citizen of Gainesville. They are drilling regular and doing everything in their power so reach a high standard of proficiency, so that we may feel proud of our military company.

Many of the boys are working at trades and in stores, and if the employers will only grant them a little time at intervals they will soon get in the best shape to reflect credit on our city.

Death of an Infant.

Clark Knapp, the nineteen-months-old son of Mr. and Mrs. Arthur Sargent, died at 2 o'clock Tuesday morning, and was buried at 4 o'clock Tuesday afternoon. The funeral services were conducted at the home by Rev. Francis H. Craighill of Holy Trinity church, and were attended by many friends.

Sympathy is extended to the bereaved parents in their sad hour of bereavement.

WILL HOLD MEETING.

Seventh Day Adventists Will Christen New Church Friday.

The members of the Seventh Day Advenists are limited, but are loyal in this section. They have, by persistent efforts, erected a neat and comfortable place of worship in North Gainesville which is not capable of accommodating a union service, but will prove sufficiently large for the congregation for several years.

Leading members of the Seventh Day church are manifesting a great deal of interest not only in the new building, but in the religion also. This creed does not believe in the Sabbath observed by the usual denomination, but hold that Saturday is really the Sabbath Day, and so observe it. There are only a few of them, but they are sincere, and keep Saturday as the Sabbath with all the faithfulness and loyalty possible to a God-fearing people.

The meeting will be opened Friday evening, which will mark the dedication of the new church. Elder Clifford Stevens, a prominent and eloquent divine of this belief, will be here, and will personally conduct the meetings.

A NEW APPOINTMENT.

J. R. Hackett Has Been Made General Agent of the G. & G.

Announcement will be made by circular letter today from the office of General Manager Pidcock of the Gainesville and Gulf that J. R. Hackett has been appointed general agent of that road, with headquarters in this city. This appointment is already effected.

Mr. Hackett, although a very young man, being under thirty, has been quite prominent in railroad circles, and is a stockholder in the Gainesville and Gulf. He was for some time secretary and a member of the board of directors of the Georgia Northern Railroad, running from Boston to Albany, Ga., and one of the most profitable railroads in proportion to mileage, in the State. He is regarded as a most competent man, and will no doubt serve the Gainesville and Gulf with ability.

Mr. Hackett expects to move his family to Gainesville in a short time. They will be gladly welcomed

THE TRENTON MEETING.

Many Candidates Expect to be Present to Present Their Views.

The meeting which is called for Trenton on Friday, the 27th inst., is being anticipated with a great deal of interest by the candidates and others, who realize and appreciate the hospitality of the good people of the West End.

This meeting, as has already been announced in The Sun, will take the place of the meeting which was to have been held at Jennings Lake on May 3. The people of the Jennings Lake and Trenton precincts must have arranged matters amicable, with the result that the people of both sections will be there in large numbers.

Several candidates express their intention of being on hand, and altogether the day promises to be one of unusual interest.

This will be the opening opportunity for the candidates.

A Problem in Wizardry.

We want to know why persons who believe in wizards, or, at all events, consult wizards, nearly always prefer to believe in men or women who are of a race inferior to their own or in circumstances which prove that their occult powers are of no use to themselves. The rule is not invariable, for there have been great wizards like Paracelsus, Roger Bacon, Michael Scott and Cagliostro, who were acknowledged by those who consulted or feared them to be in all ways their superiors, but it is seldom broken. In all the letters on country superstitions which we have published the "wise" man or woman has always gypsy blood or some peculiarity of appearance marking out him or her unfavorably from their kind. The wizard of India is usually a naked savage, while those who resort to him are civilized beings clothed carefully in muslin. The reverence of the whites for the black obeah man or woman in the West Indies is the subject of countless naratives, especially in the French islands.—London Spectator.

Solid Emery Wheels.

In the production of solid emery wheels the best cement that can be employed is one that binds the emery together with that degree of strength which will resist the centrifugal strain due to the high speed at which emery wheels cut best—about 5,000 feet speed per minute. It must not soften by frictional heat or glaze or burst or become brittle and break with cold, nor must it hold the cutting grains until they are too dull to cut nor release them so readily as to waste away the wheel too fast. It must be capable of being thoroughly mixed evenly with the grain emery, so that the wheel may not have either hard or soft spots and be out of balance, and must also be capable of being tempered to suit different kinds of metal or work. Great care and skill are required in the matter of selecting only pure and strong chemicals for these cements.—Cassier's Magazine.

The Bald Head.

A bald head is a less familiar (and nowadays less true) representative of the unchangeable than the Ethiopian's skin or the leopard's spots, but it was cited in this character with impressive pathos by Hipparchus, one of the seven martyrs of Samosata. After they had been subjected to severe tortures they were at last confronted with seven crosses, and the Emperor Maximian offered them a last chance to recant. But the aged Hipparchus put his hand on his bald head and cried, "As this, according to the order of nature, cannot again be covered with hair, so never will I change or conform to your wish." Maximian ordered a goat's skin to be nailed to Hipparchus' head and then jestingly claimed that the condition was fulfilled. But Hipparchus remained obdurate and speedily died on the cross.—London Chronicle.

The Tampa Herald is bound to succeed. It has a first-class law suit on its hands.

Congress may develop into a horticultural society and give pointers on the art of "grafting."

If the dog catcher would only peel the bark off a few of the curs that howl at night, it would be a good thing.

Attend to the cleaning up of your back yard. Many residents do this without being notified. Others should be warned.

Tampa nows feels the need of a baseball team and it is quite certain they will have one in a short time. They must keep up with Jacksonville.

General Law is reading the law to the editor of The Record at Bartow. When the General gets down to business he makes his old goose flow like a rotary pump.

Jacksonville militia are sadly in need of the loyal support of the business men of that city. There may come a time when the business men will wish they had a well organized battalion of troops.

The insurance companies are very prompt in their payments of the losses by the great fire in San Francisco, and it is stated that the outstanding insurance in that city will reach approximately $288,880,000.

Secretary Taft said: "Let every truthful man and every liar speak about the Panama canal, then let the work go on." But if every liar has a chance to talk before the work begins, we need not look to see any dirt fly in the present century.

Up to the present stage of the season the Bradford County Bank has paid out on checks presented by Bradford county strawberry growers very close to two hundred thousand dollars. The proceeds from the season's shipping will probably reach three hundred thousand dollars. It is this sort of thing, together with an enterprising, hustling citizenship, that makes Starke one of the best towns in Florida.—Bradford County Telegraph.

There is no telling where an earthquake will show up, and no one can tell when. Scientific men, however, have always considered San Francisco and that section of California more liable to be visited by them than any other portion of the United States. The formation of the rocks and gorges of that section are said to be of a volcanic nature. We don't know about the sand in Florida, but it is quite evident that it is not of that character.

The people of Florida can be truly thankful for the many blessings they are enjoying and been favored with for many years past. With the exception of a few frosts since the great freeze, which proved a blessing in disguise, Florida has been free from any calamities. The State is growing richer, the people are growing better, and there may be a more delightful country in which to live, but we are afraid to take the chances and will remain here.

WHERE LOBBYISTS ARE WELCOME.

A Republican Congress is a rich field for the corporations and trusts to get in their work, and when a bill is pending that is intended to plunder the people their lobbyists gather around the corridors of the Capitol like buzzards at a feast.

When Mr. Carlisle and Mr. Crisp were speakers of a Democratic House, the corrupt lobby was eliminated. But how different now. Reciting the events on the consideration of the ship subsidy bill by the House Committee on Merchant Marine and Fisheries, a New York newspaper says: "Lobbyists overrun the committee room and their leader occupies a place at the head of the table prompting Grosvenor, Littlefield and Minor when any witness argues against subsidy"

Comment on such a national disgrace is unnecessary, but voters can draw their own conclusions about who to vote for next fall, for it is hardly necessary to say that all the Democratic members of the committee are opposed to the bill and every Democratic member of the House is in line to vote against it. Why President Roosevelt recommended this corrupt legislation is a mystery, but that he encouraged the lobbyists and grafters to corrupt his party is certain.

HORTICULTURAL MEETING.

On Tuesday evening, May 1st, the Florida State Horticultural Society will commence its nineteenth annual session and continue through Wednesday and Thursday. This meeting promises to be one of unusual interest as some good speakers will be present. Dr. A. F. Woods, Assistant Chief of Department of Plant Industry, Washington, D. C., will speak Wednesday evening; Prof. E. A. Bessey, of the Florida Sub-Tropical Laboratory at Miami; Prof. P. H. Rolfs, Director of the Florida Experiment Station, and other prominent people, will read papers at different sessions, beside which the regular program and reports of the standing committees will be read. Another interesting feature has been added which is called the "Question Box," which makes it possible for anyone to ask questions of especial interest to them and an effort will be made to answer same at that session.

The Jacksonville Board of Trade and the Ladies' Friday Musicale will furnish entertainment for the members.

The railroads throughout the State have made a rate of one fare plus 25c for the round trip.

If you are not already a member, send $1 to E. O. Painter, Secretary, Jacksonville, Fla., and get your certificate of membership which will entitle you to the reduced rates.

NOT YET FROSTED.

The following is taken from The Daily Evening Star of Whitehorse, Yukon Territory:

"During the eleven years that have elapsed since their marriage Count Boni Castellane has cost Jay Gould's daughter an average of $1,720 each day. These scrofulous scions of impoverished nobility come high and the chances are that the blood that coprses through the veins of Old Jay's grandchildren could be materially improved with sulphur and molasses."

Many of the older readers of The Sun will be pleased to learn that the above paragraph emanated from the facile pen of Elmer S. White, for some time on the staff of this paper, who is now doing a thriving business in the cold, cold North, and it would seem from his sarcasm that his brilliant intellect is not yet frosted.

$100 Reward, $100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

FROM THE PRESS.

The following from the State press are a few of the testimonials from the men who have an opportunity to know of the past record of Alachua county's State Senator:

Hon. H. H. McCreary, editor of The Gainesville Sun, who has served Alachua county (32nd Senatorial District) for several terms, and as Representative in the House before he became a Senator, has announced for re-election. Besides being an all-round practical printer, and one of Florida's most useful newspaper men, Senator Mc. has proven to be one of Florida's most useful lawmakers, and it is of importance to have as many of his kind as can be gathered together at the coming session. Alachua will do herself proud and her State a good turn if she returns him. We know Brother Mc. well, for we stuck type together in the same printing office, under the grand old Dyke many years ago, and we have been in touch and in newspaper harness since those good old days. —Tallahassee True Democrat.

H. H. McCreary, editor of The Gainesville Sun, and who has represented Alachua county in the State Senate for the past six or seven terms, is a candidate for renomination. While we believe in rotation in office, we also believe in the idea of "holding fast to that which is good," and as "Mc." has always "made good" in the position, we can see no reason why the rotation process should yet leave him at home. His usefulness in the position has not yet reached its limit.—Taylor County Herald.

Editor H. H. McCreary, of The Gainesville Sun, announces himself as a candidate for renomination to the State Senate and we take it that as a matter of course the people of Alachua county will return their faithful and long tried public servant to his old field of duty at Tallahassee. Mr. McCreary has an excellent record of legislative service to his credit and is in all respects a well equipped man for the position he seeks.—Live Oak Daily Democrat.

If quality is striven for faithfully, quantity will take care of itself.

A bunch of tropical yams, grown together and attached to one set of vines, was dug out at Avon Park last week on the premises of W. H. Daugherty, and on being weighed, tipped the scales at 44 pounds. They had been growing between two and three years. As a food supply the tropical yam is hard to beat, especially if it is well baked. Then it comes out white and mealy and equal in flavor to the best Irish potato that ever grew.

Oscar Bowman, Lebannon, Ky., writes: "I have used Foley's Kidney Cure and take great pleasure in stating it cured me permanently of kidney disease, which certainly would have cost me my life." J. W. McCollum & Co.

He writes: "Twenty years ago I had severe hemorrhages of the lungs, and was near death when I began taking Dr. King's New Discovery. It completely cured me and I have remained well ever since." It cures hemorrhages, chronic coughs, settled colds and bronchitis, and is the only known cure for weak lungs. Every bottle guaranteed by all druggists. 50c and $1. Trial bottle free.

These worthless imitations have similar sounding names. Beware of them. The genuine Foley's Honey and Tar is in a yellow package. Ask for it and refuse any substitute. It is the best remedy for coughs and colds. J. W. McCollum & Co.

Cured Hemorrhages of the Lungs.

"Several years since my lungs were so badly affected that I had many hemorrhages," writes A. M. Ake of Wood, Ind. "I took treatment with several physicians without any benefit. I then started to take Foley's Honey and Tar, and my lungs are now as sound as a bullet. I recommend it in advanced stages of lung trouble." Foley's Honey and Tar stops the cough and heals the lungs, and prevents serious results from a cold. Refuse substitutes. J. W. McCollum & Co.

Bruises.

No treatment for bruises is more prompt and efficacious than fomentations as hot as can be borne. Firm compression immediately over the injured place will often prevent discoloration, but the hot application will have the same effect. The sooner the heat can be applied the better. Alternate applications of heat and cold are very effective. For all bruises, except those on the head, heat is the remedy, but for severe blows on the head cold is doubtless better. Fomentations may be used at intervals to lessen the soreness, but should not be continued more than five minutes at a time.

THE POWER OF STEAM.

Many May See But It Takes Genius to Realize.

When James Watt saw the steam causing the kettle lid to jump up and down he said "There must be power in that steam that it can lift such a weight."

There was.

Millions prior to him had seen the same phenomenon and regarded it as an unexplained mystery.

Recent scientific research has put its finger on the "cause" of Dandruff, Falling Hair, and consequent Baldness, and has unearthed a tiny germ which eats the life from the roots of human hair.

Newbro's Herpicide destroys this germ and consequently restores the hair to its natural state.

POLITICAL ANNOUNCEMENTS

For State's Attorney.

To the Democratic Voters of the Eighth Judicial Circuit of Florida:

Believing that my thirteen years' practice of law, together with my experience as a prosecuting attorney, fully fit me to discharge the duties of State Attorney, I, therefore, at the request of many friends, announce myself a candidate for nomination in the Democratic primary for State Attorney for the Eighth Judicial Circuit of Florida. If nominated, I pledge myself to courteously, economically and faithfully discharge the duties of the office and to help maintain the dignity and honor of the court. Respectfully,
JOS. M. RIVERS.

To the Democratic Voters of the Eighth Judicial Circuit of the State of Florida:

Having served you in the capacity of State Attorney since July, A. D. 1903, and trusting that you have approved of the manner in which I have represented the State and discharged my duties, I solicit your votes at the coming primary for the position of State Attorney for the Eighth Judicial Circuit.
Very respectfully,
Palatka, Fla. BENJ. P. CALHOUN.

I respectfully announce that I am a candidate for the office of State's Attorney for the Eighth Judicial Circuit of Florida, composed of the counties of Alachua, Baker, Bradford, Levy, and Putnam. I conceive the faithful and energetic discharge of the duties of the office to be a sacred obligation to the State, and, if the voters of the circuit favor me with the nomination, I pledge them that the interests of the State and of society shall not suffer through favor or negligence of mine.
THOS. W. FIELDING.
Starke, Florida.

For State Senator.

To the Democratic Voters of Alachua County:

I have, on various occasions, been earnestly requested to enter the race for State Senator from this county, and, until now, have declined to do so, because I had no desire to oppose the Honorable H. H. McCreary, who has rendered such valuable service to our county in the State Senate. But since he has withdrawn from the race I will be a candidate, subject to the Democratic primary.

Having served in both branches of the Legislature in the past, I feel that I am the better qualified to serve the best interests of our county at this important time.

Earnestly soliciting your support at the coming primary, I am your humble servant.
JOHN B. DELL.

In reference to my declination, which appeared in The Daily Sun of Mch. 20th, the same was made in what I conceived the interest of harmony. However, I have reconsidered same and am a candidate for the State Senate.
H. H. McCREARY.

I respectfully announce my candidacy for the Democratic nomination as Senator for Alachua county (32d district), pledging my support of all measures in the interest of the masses as against the classes; and especially do I pledge my support and influence in aid of the common schools and maintenance of the State University upon a liberal basis such as will enable parents to obtain for their children a thorough education in their own State, as well as all measures tending to promote the religious and moral welfare of the entire people. Thanking my friends for their support in the past, and soliciting the vote of all Democrats at the coming primary, I am very respectfully.
H. H. McCREARY.

For the Legislature.

At the solicitation of many friends I have consented to make the race for the Legislature and hereby announce myself as a candidate, subject to the Democratic primary.
WM. N. SHEATS.

In response to the solicitations of many friends I respectfully announce that I will be a candidate for the Lower House of the Legislature, subject to the Democratic primary. If elected I promise to do all in my power to protect the best interests of our beloved county.
Respectfully, THOMAS A. DOKE.

I announce myself a candidate for the Legislature at the coming primary, subject to the action of the Democratic voters of the county. If elected I will endeavor to make some very radical changes in the present divorce law. I am in favor of keeping the State University at Gainesville forever.
Alachua, Fla. CHAS. HODGE.

At the solicitation of friends I announce myself a candidate for Member of the House of Representatives, subject to the will of the people, as expressed at the Democratic primary election.

I shall favor the maintenance of the State University, now established in this county, with liberal appropriations for its development, and the advancement of public education throughout the State.

I believe in a Railroad Commission and shall support any legislation enlarging its powers and increasing its usefulness.

All measures tending toward the moral development and growth of our State will receive my hearty support.
ROBT. E. DAVIS.

S. L. Carter will be a candidate at the primary election for Member of the Lower House of the Florida Legislature.

For County Treasurer.

To the Democratic Voters of Alachua County:

I hereby announce myself as a candidate for County Treasurer, subject to your action at the primary of May . If elected, being familiar with the duties of the office which I hold through your suffrage for three terms, I promise you a faithful and efficient service, and will make monthly accounting to you by statement at my own expense. Respectfully,
R. B. PEELER.

To the Voters of Alachua County:

I want to be County Treasurer, and hereby announce myself as a candidate. I will appreciate the support of the Democrats in the county at the primary on May 15, and promise a full obedience to the duties of this office, one of the most important in the gift of the people. Respectfully,
Trenton, Fla., March 13, '06. T. J. LOVE.

For Tax Assessor.

Desire to announce my candidacy for re-election to the office of Tax Assessor of Alachua county. With the experience I have had in this position I can consistently promise to render satisfactory service. Earnestly soliciting the votes of all Democrats at the coming primary, I am yours to serve impartially,
WILLIS W. COLSON.

To the Democratic Voters of Alachua County:

I hereby announce myself as a candidate for County Tax Assessor, subject to your action in the coming primary on May 15. If elected I promise to exercise my best effort to fulfill the duties of the office faithfully and efficiently. Respectfully,
Gainesville, April 7. L. T. ROUX.

For Tax Collector.

To the Voters and Tax-Payers of Alachua County:

I take this method to publicly thank you for the very liberal support you have given me in the past, and to announce my candidacy for re-election for ensuing term to the office of Tax Collector of Alachua county. The arduous duties of the office, at this, the closing period of 1905 collection, will entirely prevent my making a canvass of the county and seeing you in person, so I trust my friends throughout the county will remember me on the 15th of May at the various precincts, when casting ballots for the men of their choice to fill the respective offices now elective. Assuring one and all it shall be my constant effort to discharge the duties incumbent on the office with faithful patience and honest fidelity.
Yours very truly,
W. D. DICKINSON.

For Supervisor Registration.

I hereby announce myself a candidate for Supervisor of Registration for Alachua county, subject to the Democratic primaries, and solicit the votes of the Democratic voters of the county. JOHN C. McGREW.
